

DR. E. E. VIOLETTE IS TO LECTURE HERE!

One of America's Ablest Lecturers
WITH A GIFT OF BRILLIANT ELOQUENCE
HEAR HIM IN HIS MASTERPIECE
"The Sunset Trail"
"It Towers Like a Mountain Peak
Among the great Lectures of the Day."
BARBOURVILLE CHAUTAUQUA
Friday, July 11, 8:30 P. M.

Mrs. Frank Baker and daughter, Miss Jessie Lynn, spent the week end in Barbourville. —Pineville Sun.

J. J. Tye, of Barbourville, a former resident of Pineville, was here Wednesday, on business matters. —Pineville Sun.

Miss Zella Pelley, who teaches in Barbourville, has reached home for the summer. She has signed a contract for next year with the same board. —Columbia Ky. News.

The big celebration to be put on by the Woodmen of the World during the week of July 4th will be held on the Hayes lot just above the depot and next to where the dogwood factory used to be.

Salesmen Wanted to solicit orders for lubricating oils, greases and paints. Salary or Commission. Address The Lennox Oil & Paint Co., Cleveland, Ohio.

Mrs. W. S. Hudson and little son have returned from a pleasant visit at Harlan.

Prof. H. M. Oldfield is working for the Salvation Army at Owensboro, and is meeting with good success in the campaign.

Mrs. Tom Stewart, nee Katherine Lock, has returned to her home in De Land, Fla., after a pleasant visit with her people here.

G. W. Huson, from down the river was in town Tuesday. He says the rain is just what the doctor ordered for the crops.

Joe Bays and Steve Sturdivant, of Trooper, were here Tuesday on business. They report crops looking fine.

The Doctor Away From Home When Most Needed

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life.

PUBLIC AUCTION Big Sale of Baby Farms and Building Lots

On July 5th the J. F. Catron farm, lying near the High School will be cut up into Baby Farms and Building Lots and sold by auction to the highest bidder.

The building sites in Barbourville, from the very uneven nature of the ground and the hills with which the city is surrounded make it necessary to move out along certain well defined boundaries. The piece of property now offered is one of the most logical directions in which the city may grow as grow it will and must.

Then, an opportunity is offered to buy small acreages, which gives two chances to make money. One of these is in raising excess vegetables, the other is in the natural increase of values thru the settlement of any given district by people.

Very few people make money by straight saving from salaries. Usually the man or woman who gets larger rewards does so in what may be termed "safe speculation" and among the things that offer the best return for money invested, combined with safety, is real estate. It cannot disappear nor go into bankruptcy. Why not attend the sale and see if there is not something either in the lot or baby farm that will be just what you want.

This will always be the educational center of the city. The soil is good and the place is well elevated. Barbourville is going to grow. In fact it is having a steady growth all the time and as Union College enlarges and the work of the County High School comes to full fruition, besides what we may expect from the oil development as well as coal, there is no question but that Barbourville will continue to be a mighty solid little city where real estate will always be desirable.

HEALTHFUL ADVICE During the aftermath of influenza or any other prostrating illness, the logical tonic is **SCOTT'S EMULSION**

which enriches the blood and strengthens the whole body, via nourishment. If you would renew your strength—try Scott's.

COAL SHORTAGE ON WAY; GOVT. SAYS BUY NOW

May Be Repetition of 1917-18
Conditions Next Winter Says
Geological Survey.

MINES IDLE WITHOUT ORDERS.

Those Who Delay Ordering
Longer May Not Get Their
Fuel Later On.

The United States Geological Survey announces from Washington: the probability of another general coal shortage next fall and winter. The announcement is based, the Survey states, upon a nation-wide study of conditions in the bituminous field. Unless steps are taken at once, the Survey says, to place the mines upon a basis of increased production there is every prospect of a repetition to some degree of the situation that prevailed in the United States during the winter of 1917-18.

The only way production can be stimulated at the present time, it is said, is by placing orders with the mines for coal which will be needed later on. "Production during the first five months of the year," reads the statement, "fell 57,292,000 net tons, or approximately 25% below production during the first five months of 1918. Mines are producing coal now at the rate of from 8,000,000 to 8,500,000 tons a week. An average output of 10,700,000 tons a week must be maintained from June 1 to January 1 next if the country's estimated needs of 500,000,000 tons this year are to be met."

Evil of Delayed Orders.

At no time during this year has the rate of production approached the required tonnage. The tendency on the part of buyers to hold off placing their orders is limiting production, as the mines cannot store coal at the point of production, and when the rush of orders for the winter's needs comes next fall there is grave danger that the mines, with depleted labor forces and the probability of less adequate transportation, will be unable to meet the demands. The result of such a situation would be an insufficient supply for the requirements of domestic consumers, public utilities and industrial users generally.

"It is believed that requirements for this year," reads a Survey statement to Fuel Administrator Garfield, "will be about 530,000,000 tons of bituminous coal, of which approximately 30,000,000 tons have been used from stocks accumulated last year, leaving 500,000,000 tons to be produced. Of this 500,000,000 tons 178,000,000 tons were produced during the first five months, leaving 322,000,000 tons to be produced in the remaining 30 weeks, or an average of 10,700,000 tons a week.

"Thus far this year production has been at the rate of 8,200,000 tons a week. In 1918 production was at the rate of 11,300,000 tons a week.

"This production will be difficult of accomplishment. The capacity of operating mines at the present time with labor now on the payroll is about 10% lower than it was last year. This deficiency may be made up in part or wholly if the mines have orders sufficient to run them five or six days a week unless the threatened exodus of foreign-born labor occurs.

May-Be Car Shortage.

"Present wage agreements between operators and miners expire with the proclamation of peace by the President. A suspension of mining operations while a new wage agreement is being negotiated would, of course, seriously interfere with the production of coal and if it should occur during the fall would cause a panic among buyers and consumers of coal."

There is no use in gambling upon this or any other contingency, fuel administration officials say. The firm or individual who wants to be sure of an adequate coal supply next winter can be certain by buying coal now. There is no other way such assurance can be obtained. Transportation also promises to be a limiting factor if the flood tide of demand comes at a time when the country's record crops are being carried. In some districts it would appear certain that, notwithstanding the utmost endeavors of the Railroad Administration and the utilization of its experience last fall, car shortage will be a cause limiting bituminous coal production, and for that reason it is problematical whether the expected production of 500,000,000 tons can be attained this year.

Shortage of labor already is a factor that is cutting down the output in some coal producing sections, according to the Survey's report. The operators report that from 30,000 to 40,000 foreign-born miners expect to return to Europe as soon as they can get passports and that many have already returned. If continued this movement will be capable of producing but one result—a reduction of the amount of coal mined in districts where the mine labor is largely foreign-born, and there are many such districts.

He who needs coal should hesitate no longer. Now is the time to buy coal.

MR. AND MRS. ULTIMATE CONSUMER, BUSINESS PROSPERITY DEPENDS UPON YOU

Yes, and upon all the little consumers, too. Let each do his share, his little bit, his larger bit toward getting times back to normal basis. How? By buying now.

Industry, the employment of millions of workmen, depends upon public consumption, depends upon the grand total of the individual purchases of the ultimate consumer.

Insure that returned soldier and sailor that released munition worker a job in a peace time organization. How? By Buying Now.

NOTICE

NOTICE is hereby given that estimates of the cost of constructing Black Street, from Public Square to Pitzer Street, in the city of Barbourville, Ky., under the Ordinance there for approved March 18th, 1919, have been furnished and filed with the undersigned by the City Engineer, showing the cost per abutting foot to be \$2,525. The Street Committee of the Board of Council will, on Tuesday, July 1st, 1919, at 1 o'clock in the afternoon, inspect said street, and immediately thereafter meet with the Board of Council, at the Council Chamber, for the purpose of approving said estimates and accepting the work.

This June 26, 1919. Thos. D. Tinsley, Mayor and Chairman of the Street Committee.

Chronic Constipation

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.

TRAINED ANIMALS

Gentry Brothers Trained Animal Circus will exhibit in Barbourville on Wednesday, July 2nd. This will be the 32nd annual tour of this popular firm and many improvements have been made in their already excellent show. An entire wild animal circus has been added since its last appearance in this city and a stirring new patriotic spectacle will also be seen here for the first time. The Gentry Brothers program has always given the best of satisfaction in this city. In fact, it would be almost impossible to devise a cleaner, more pleasing and interesting exhibition than the one given under the Gentry Trade Mark. The street parade this year is said to surpass all former efforts and to be larger and better than previous years.

ASSERTS WORK PROVED BURDEN

Mrs. Guinn So Nervous Life Was Almost Unendurable. Trutona Changed Her

Louisville, Ky., June 26. Mrs. Lana Guinn, a well known Louisville woman of 2514 Woodlawn Av., has recently recovered from an illness of long duration through use of Trutona.

"I suffered from nervous indigestion, constipation and loss of appetite for a long time," she said. "I was so nervous at times that it was difficult for me to tolerate the presence of my husband or others in the house. I couldn't sleep and often would just wander around the house at night. I never felt like doing even the simplest of my household duties.

"But I feel like a woman made over again, since taking two bottles of Trutona. This splendid medicine has accomplished the most wonderful results in my case, helping me in every way. My husband thinks Trutona has performed miracles for me. I think it is the most wonderful medicine in the world. I would not be without a bottle of Trutona in the house. It does everything that is claimed for it, aiding weak, nervous, run down women."

Trutona is now being introduced and explained in Barbourville at the Costello Drug Store.

For Singer Sewing Machines call at the J. F. Hawn Store Building, Liberty St. Credit, Installment Plan or 20 per cent off for cash. A. P. Wilson, Agent. 31-1f

COMING TO ENTERTAIN YOU

METROPOLITAN SYMPHONY CLUB

Six Recognized Artists—all the best type of concert musicians. Headed by DONALD C. ABBOTT, eminent flute virtuoso.

Standard Selections, Classical Masterpieces, Patriotic Numbers' Popular Airs for encores, and a little Jazz by way of novelty.

High-Class Concert by Real Artists

Third Day of Chautauqua BARBOURVILLE

Wednesday, July 9.

And Dont Forget The Other Big Attractions.

FARMERS ATTENTION!

We are now able to insure you property against fire. You have not been able to insure your property but we now have a company who will carry same. We are the only agency who can insure you against fire.

ED C. Hampton Home

Ed C. Hampton, son of Mr. and Mrs. L. W. Hampton, who live a mile up the river, is back from France where he served for over a year. He joined the army October 1st, 1917 and was sent to Camp Lee, Va., and after some eight months training he left May 15th for France arriving there June 1st. He fought in St. Mihiel, Meuse-Argonne offensive from Sept. 25th to Nov. 11th, 1918. His regiment was Battery D 315 Field Artillery, 80th Division, and his battery was in the midst of the fighting without cessation except for four hours relief from the guns.

Mr. Hampton visited England and Italy on a pass and left France May 18th landing in Newport News May 29th.

ARE YOU A JEREMIAH?

Queried some one in the U. S. Department of Labor. Then he continued: "If so, come out of it. Get back that confidence, that enthusiasm. Get the true American spirit. 'What if prices are higher? Forget the past. Build for tomorrow,—buy now. Get business going and keep it going."

"You, the public, control the situation. If you, the people, buy, you the people, will keep the wheels of industry turning, with a job for every man."

"Cheer up! Go to it. Buy what you want; buy wisely, but buy now. Cheer up and BUY NOW."

KILLED IN ACTION

In our issue of June 20th Ben Broughton, of Dewitt was reported as "missing" in France. A telegram received by Mrs. Broughton states that he was killed in action July 18. This adds another name of a Knox County boy to the list of those who laid down their lives on the altar of duty.

COMES HERE TO ENLIST

Lieut. Roy B. Bradley and five non-commissioned officers of the regular army will be here about July 2nd to enlist those who may wish to enter the service of Uncle Sam.
